[Judgment is entered in favor of plaintiff TACT IP LLC against defendants Janssen Biotech, Inc. and New York University](#)

[0](#)

August 5, 2013:

On August 5, 2013, in the United States District Court for the Eastern District of Virginia, Alexandria Division, judgment in favor of TACT IP, LLC, holding patents of Edward Tobinick, M.D., was entered:

” Case No. 1:12cv909

JUDGMENT ORDER

Upon consideration of the July 19, 2013 Report and Recommendation of the United States Magistrate Judge designated to conduct a hearing in this matter, no objections having been filed, and upon an independent *de novo* review of the record, it is hereby ORDERED that the Court adopts as its own the findings of fact and recommendation of the United States Magistrate Judge, as set forth in the June 19, 2013 Report and Recommendation.

Accordingly, it is hereby ORDERED that judgment is ENTERED by default in favor of plaintiff TACT IP LLC and against defendants Janssen Biotech, Inc. and New York University.....”

Edward Tobinick’s issued patents, assigned to TACT IP LLC, include, but are not limited to the following U.S. patents: 6419944, 6537549, 6982089, 7214658, 7629311, 8119127, and 8236306. The patents at issue in the entered judgment in favor of TACT IP LLC included those involving epidural administration of etanercept for treatment of symptomatic lumbar disc herniation.

About Dr. Tobinick

Edward Lewis Tobinick is an American physician who is the inventor of new methods of treatment of neurological disorders. Dr. Tobinick graduated Phi Beta Kappa and Magna Cum Laude with honors in biology from Brandeis University in Waltham, Massachusetts and received his M.D. from the University of California San Diego School of Medicine in La Jolla, California.

The published scientific articles documenting unprecedented neurological effects produced by the novel method of drug delivery invented by Dr. Tobinick have been cited by hundreds of scientists from academic centers around the world.

Dr. Tobinick has been an invited ad hoc reviewer for the journals Brain Research, Clinical Drug Investigation, CNS Drugs, Current Alzheimer Research, Experimental Neurology, Future Neurology, Journal of Neurochemistry, Journal of Neuroimmunology, Neuroscience, and Pharmaceutical Medicine and a member of the Editorial Board of the Journal of Neuroinflammation.
